## PROFESSIONAL SUMMARY

Results-driven Frontend Developer skilled in building responsive, user-focused web applications using React, Next.js, Tailwind CSS, and TypeScript. Experienced in UI/UX design, API integration, and performance optimization. Adept at translating Figma designs into fast, scalable interfaces with clean, maintainable code. Passionate about transforming ideas into functional, engaging digital products that enhance both user experience and business value.

## TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript  
Frameworks & Libraries: React, Next.js, Vue.js, Tailwind CSS, Framer Motion  
Backend (Beginner – Currently Learning): Node.js, Express.js, MongoDB  
Design & Prototyping: Figma, Adobe XD  
Tools: Git, GitHub, VS Code  
Other Skills: Responsive Design, API Integration, UI Optimization, Cross-Browser Compatibility, Problem Solving, Team Collaboration

## PROFESSIONAL EXPERIENCE

### Frontend Developer (Intern) | HNG Tech — Remote | 2025

Transformed the Audiophile E-Commerce Figma design into a fully functional web app using Next.js, TypeScript, and Convex (Database). Developed a ticket-management system with ReactJS and VueJS, demonstrating flexibility across modern frontend frameworks.

### Frontend Instructor | Sound Foundation EdTech Academy — Nigeria | 2025

Taught foundational and advanced frontend technologies (HTML, CSS, JavaScript, React, Tailwind CSS) to over 30 students. Mentored learners in responsive design principles, project structuring, and Git-based collaboration.

## PROJECTS

### Personal Portfolio Website | 2025

Built a dark/light-themed portfolio using React and Tailwind CSS, with smooth animations powered by Framer Motion. Integrated a contact form for client communication and optimized accessibility for all screen sizes.

### UI/UX Case Study – Real Estate Platform | 2025

Conducted UX research on property buyer and agent needs, developed user flows, wireframes, and high-fidelity Figma prototypes. Presented the full design process and insights in a detailed case study focused on usability and conversion goals.

#### EDUCATION

Bachelor of Technology (B.Tech) – Animal Nutrition & Biotechnology Ladoke Akintola University of Technology (Nigeria) | 2018 – 2023

Diploma – Frontend Development & UI/UX Design Sound Foundation EdTech Academy (Nigeria) | 2025

#### CERTIFICATIONS

Frontend Development Certificate – Sound Foundation EdTech Academy (2025) UI/UX Design Certificate – Sound Foundation EdTech Academy (2025)
